Presented To:

Ankit Mahajan

Congratulations on your achievement of a Gold Award

Ankit,

As we all know, for ICO, Onboarding to laaS was particularly challenging as the our code base(VBA) is not directly compatible with solutions provided by the laaS/ETASC team.

With your relentless pursuit for excellence ensured smooth implementation of laaS logging in ICO. You spend good amount of time in exploring options tirelessly before finalizing the SFTP approach.

While running against a tight deadline and constantly juggling between your tasks to coordinate with various stakeholders, you ensured there is no compromise on the quality of the deliverable and able to implement it successfully within timelines (20th Sept 2019).

Kudos to you for seamlessly closing the SIAI from ICO application and documenting the process. You just set that bar higher. Keep up the good work!

To redeem the appreciation points earned with your award, visit Global Recognition from Flagscape Essential Links, HR Connect, or bankofamerica.com/employees from any internet-enabled device. Points do not expire for active employees, including those on leave or disability. If you leave the company, outstanding points expire 30 calendar days from your termination date.
